JAPANESE ARMY CONTINUES ADVANCE ALONG BURMA ROAD

Chinese Battle To Hold Off Invaders On Yunnan Border

Chungking, May 4.—(P)—Chinese troops fought fiercely through the night 60 miles up the Burma road from Lashio to stem the Japanese drive toward China proper. While the British on the allied flank before India dropped back slowly to prepared positions, a Chinese communiqué said today.

The Japanese thrusting up the ice-great supply line to China continued to advance "in an attempt to attack Chinese positions at Kutkai," the Chinese communiqué said.

Kutkai is 40 miles from Yunnan province, but the Japanese, adept in encircling tactics, might conceivably be much closer to China. One column which attempted to link the Chinese positions was repulsed, the Chinese said officially.

Fighting continued in the Monywa area of the Chindwin river valley, where another Japanese column had driven to within 100 miles of India.

Chinese forces were slowly falling back along the Irrawaddy river north of Mandalay. Dispatches from the front told sharp fighting at Kweichieh, 58 miles north of Lashio, where the highway from Bangkok connects the northern ridge of the mountainous area, which lies across the narrow Torres strait from Australia.

The withdrawal was not explained. It was the second Japanese penetration to Nadzab in the Markham valley, the first having been turned back by floods about five weeks ago.

The Japanese advance south from Salamaua put the enemy within 165 miles of strategic Port Moresby on the south shore of New Guinea. Heavy jungle terrain, studied by untracked mountain trails which rise as high as 8,000 feet, separated the Japanese from the allied advance base.

Despite the favoring terrain, the United Nations kept sharp watch for a possible overland drive against Port Moresby.

That the Allies were taking no chances of a Japanese threat to their vital defense outpost either by land or by combined land-sea attack was evident, however, from the scope of their week-end air activities.

On the defensive, a communiqué said today, they bagged three Japanese bombers and one fighter from a formation of 12 enemy bombing planes and eight zero fighters in another of the frequent air attacks on Port Moresby. Allied losses were given as light.

Allies Keep Sharp Watch In Australia

Jap Reconnaissance Force Withdraws Towards City of Lae

REPORT PLANES DOWN

BY C. YATES C. DANIEL

Allied Headquarters, Australia, May 4.—(P)—A Japanese reconnaissance force has withdrawn to its original base at Lae in New Guinea after a 27-mile penetration up the Markham valley in search of airdrome sites, but another enemy column held its position 15 miles south of nearby Salamaua, Australian dispatches said today.

Neither column had been opposed by United Nations regulars although guerrillas possibly were operating in the region on the northern ridge of the mountainous area, which lies across the narrow Torres strait from Australia.

The withdrawal was not explained. It was the second Japanese penetration to Nadzab in the Markham valley, the first having been turned back by floods about five weeks ago.

AFL LEADER HAS PLAN TO AID WORKERS

Training For Peacetime Jobs Is Proposed At Opening of State Convention

SPLIT OVER POLITICS

BY TOM REEDY

Scranton, Pa., May 4.—(P)—Training of war industry workers for peacetime jobs was proposed today by James McDevitt, president of the Pennsylvania Federation of Labor, as one means of combating a sharp slack in employment when the war ends.

The proposal was included in a resolution to be presented to the annual convention of the state federation which opened today.

The resolution called for a federation study of "post war social and economic problems" to accomplish these objectives:

1. Maintenance of "full employment."
2. Continuation of "high living standards" where they exist and promotion of them where they do not exist.
3. Retraining of workers so they may be shifted from war industry to "normal" peacetime employment.

This and other resolutions will be considered later in the week. The convention closes Thursday.

What may be the focal point of interest for the 1,500 delegates are Wednesday's nominations of officers and Thursday's elections. President McDevitt and Secretary-Treasurer David Williams are candidates for reelection. Nine vice presidents also are to be chosen.

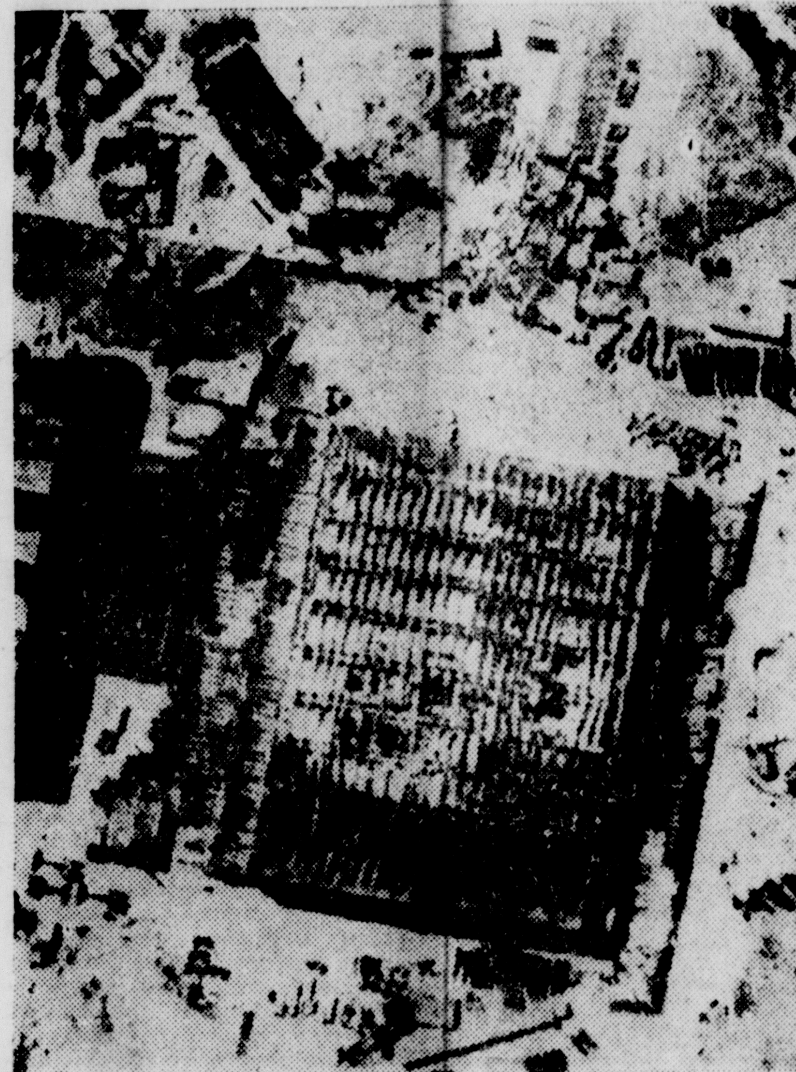

A split has developed among leaders over this year's gubernatorial campaign and is apt to be reflected in the balloting, some said. McDevitt, a Democrat, was reported anxious to have the convention endorse Judge Ralph H. Smith, one of three Democratic candidates for the gubernatorial nomination. Williams is supporting Major General Edward Martin for the Republican nomination.

Lewis G. Hines, secretary of Labor and Industry and an important figure in AFL circles, is working for U. S. Senator James J. Davis, Martin's opponent.

An effort to defeat Williams by pushing the candidacy of Scott Marshall of Pittsburgh collapsed.

State Begins Registration For Rationing

Teachers in Elementary Schools Have Job Of Giving Out Cards

DOLE STARTS TUESDAY

Harrisburg, May 4.—(P)—Pennsylvania undertook today the biggest war-time registration in its history—the listing of an estimated 10,000,000 domestic sugar users.

The state's 7,171 grade schools were thrown open for the registration and 55,000 teachers were given the job of handing out ration books. From now on, probably until the end of the war, stamps from these books must be presented when sugar is purchased. Rationing begins Tuesday.

The registration will continue through Thursday with local authorities fixing the hours to sign up.

Each member of a household can buy one pound of sugar every two weeks—until June 27—and an initial supply of two pounds for each person was allowed without deducting stamps. One book was provided for each individual.

After June 27 the amount purchased with one stamp may be raised or lowered, depending on the nation's sugar situation.

In a last-minute appeal, Sugar Coordinator Carl D. Morneweck urged those registering to "know all the answers." They were instructed to give the height, weight, color of eyes, hair, age and sex of each member of the family. One (Turn to Page Seven)

NINE KILLED IN CRASH OF TWO BOMBERS

Third Ship Missing In the Pacific Northwest; Two Survive in One Mishap

PENNYSYLVANIANS DEAD

BULLETIN

Baker, Ore., May 4.—(P)—State police were advised today that a bomber, possibly one reported missing on a flight between Boise and Spokane yesterday, had been found in mountains near Pleasant Valley, 12 miles from here.

Pendleton, Ore., May 4.—(P)—Two army bombers crashed in widely separated parts of the Pacific Northwest yesterday, killing nine fliers and injuring three. A four-engine Boeing flying fortress, returning from Las Vegas, Nev., to Pendleton, hit a 4,000-foot ridge in the Blue Mountains 20 miles southeast of here, tore a quarter-mile path through pines, and exploded. Six men were killed. Two others miraculously survived, though both were injured, one critically.

Three fliers were killed and one injured when another bomber on a training flight crashed near its base, McChord Field in western Washington.

The third bomber left Gowen Field at Boise, Idaho, at 2:05 p. m. (Pacific War-time) yesterday and failed to arrive at its destination, Felt Field at Spokane, Wash. The army reported the ship had fuel only to last until 10 o'clock last night. Officers said, however, it was possible the plane had landed safely at some remote spot.

In the crash of the flying fortress near Pendleton, Sgt. Wesley A. Wallace of Philadelphia was thrown clear of the plane. Although he did not lose consciousness, he was unable to tell immediately what had happened. Army officers said he had minor head injuries, for which he was hospitalized, and might later be able to furnish a clue to the cause of the tragedy.

Robert L. Bowman, woodcutter who heard the crash, found Wallace wandering dazedly in the woods. They made their way to the wreckage, near which they found the only other survivor, Sgt. John H. Starr of Littleton, Mass., who suffered critical injuries to his spine. "The propped Starr" as comfortably as they could, and hiked three miles for help.

Those killed in the crash near Pendleton included:

Staff Sgt. Richard L. Carmichael, Wynnewood, Pa.; and First Lieut. William E. Comber, pilot, Philadelphia.

FARMERS FAVOR THE LIMITING OF WHEAT

Washington, May 4.—(P)—Operation of the federal wheat marketing control program for another season is favored overwhelmingly by the growers.

The returns were not quite complete, but they included the states in which agriculture department officials expected substantial opposition. A two-thirds vote was needed for continuance of the program.

The totals: In favor of marketing quotas, 281,295; opposed 63,083.

Steel Union Backs Murray At Meeting

CIO President Defends His Administration In Speech

GRATITUDE EXPRESSED

Pittsburgh, May 4.—(P)—CIO President Philip Murray, after defending his administration against what he called a "whispering campaign" in a dramatic weekend speech, today had a vote of confidence from the SWOC in which the CIO steel workers declared they would not tolerate any attempt to "undermine his leadership."

Four hundred SWOC delegates, meeting yesterday, adopted a resolution expressing "deep gratitude and loyalty" to Murray, their chairman, and adding that they "will not tolerate the activities of any individual or group of individuals to disrupt the unity of our organization."

The conferees took no action in regard to President Roosevelt's proposed wage stabilization program. Murray commented later at a press conference that both the CIO and AFL have expressed "unalterable opposition to national wage freezing."

Addressing his home United Mine Workers local at Cokeburg, Pa., Saturday, Murray said "paid purveyors of poison" are maligning him and "an attempt is being made to sabotage from within and destroy the CIO."

Stirred emotionally as he spoke in the ballroom where he had worked in the coal pits, the gray-haired CIO chief broke into tears when he said he hoped "I am given the chance to live and die and fight for, and with, the miners."

This apparently referred to reports that UMW President John L. Lewis is planning to remove him as vice-president of the miners' union, his only salaried union job.

Delegates at the SWOC meeting were from plants of the United States Steel Corporation and subsidiaries and from "Little Steel" plants. In a resolution they authorized the SWOC officers "to continue the prosecution of the little steel cases in such manner as they in their judgment may deem to be in the best interests of the SWOC."

The SWOC has asked the "little steel" plants—Bethlehem, Republic, Inland and Youngstown Sheet and Tube—for a \$1-a-day raise over the present basic wage of \$5.80.

SEA POWER IS OBJECTIVE OF ENEMY PLANES

Hamburg and St. Nazaire Hard Hit by RAF As Nazis Strike At Alexandria

SUPPLY SHIPS DAMAGED

BY JAMES M. LONG

Associated Press War Editor

In a battering exchange of blows at sea power, the British declared today that the RAF left Hamburg's docks and shipping yards ablaze and pounded the Nazi U-boat nest at St. Nazaire last night, and the Germans said their air force raided Alexandria, British eastern Mediterranean fleet base.

The German High Command said that in other operations "off Europe's far northern coast German warships, submarines and planes fought a running battle for days on end in storm and high sea and ice" against strongly guarded allied convoys along the supply line to Russia.

With the allied account of the sea fight yet to be told, the German version in first with their version which claimed that during the attacks a 10,000-ton British cruiser was sunk by a submarine and six of the convoyed ships, totaling 37,500 tons, were sent to the bottom.

Several destroyers and four supply ships were damaged in the attacks which involved more than one convoy, the German version said.

It reported that one German destroyer in a flotilla said to have "accepted battle with a superior force of enemy destroyers" was damaged seriously.

The RAF, continuing day and night attacks as spring permits, struck back over the English channel after daybreak on the heels of the night raids.

German night bombers, attacking about 30 strong, concentrated on the southwestern English cathedral town of Exeter for the second time since the start of raids which Berlin communicates flatly call reprisal bombings. The British said five of the raiders were shot down and two others were knocked from the sky over northern France.

The British raid on the great northern German port and naval base of Hamburg, attacked for the first time since April 17, and on the submarine base at St. Nazaire, underlined Britain's increased effort to keep the German sea power crippled and landlocked.

Air alarms which sent ground defenses into action shortly before dawn in the French port of Marseille and the big French naval base at Toulon, 40 miles farther east on the French Mediterranean coast, added a note of mystery to the night's aerial operations.

WAR BULLETINS

New Delhi, India, May 4.—(P)—Smashing attack by British and Indian bombers was made on a concentration of Japanese barges along the Chindwin river in Burma and direct hits were made on the boats, an RAF communiqué announced today. The attack was made this morning in the face of heavy anti-aircraft fire, a communiqué said, but all the bombers returned to their bases.

Tokyo (From Japanese Broadcasts), May 4.—(P)—The government announced today that an extraordinary two-day session of the Imperial Diet will be summoned May 15 to vote approval of a permanent shipbuilding program.

Berlin (From German Broadcasts), May 4.—(P)—The German high command said today that Nazi troops had made successful local attacks on the central front before Moscow and had beaten off Russian stabs in Leningrad.

A military spokesman said the fighting in the north was "lively, but swampy terrain made operations more difficult."

"German soldiers who had forced their way through this country often sank into mud right up to their shoulders," he said.

Granting Of Commissions Is Opposed

Washington, May 4.—(P)—Faced with a growing shortage of officers for the burgeoning army, the War Department was reported today to be bringing heavy pressure to bear against legislation that would halt the issuance of "quickie" commissions to civilians.

The proposal was slated to go before the house Wednesday in the form of an amendment by Rep. Charles I. Faddis (D-Pa.) to a Senate-approved bill doubling the \$21 monthly pay of army "back" privates and granting increases to other ratings up to and including second lieutenants.

Corregidor Soldiers Get Silver Star

Washington, May 4.—(P)—Four more of Corregidor's soldiers hold the army's silver star for their dash through shot and shell to restore the stars and stripes to the staff above the Manila Bay island fortress.

Yesterday's War Department communiqué reported the incident, similar to one on April 18. Shell fragments struck the pole and caused the flag to fall. An officer and three men, observing this from their anti-aircraft battery positions 600 yards away, left their shelter and ran through the shell-swept parade ground.

Ickes Declares Non-essential Use Of Gasoline Must Be Cut

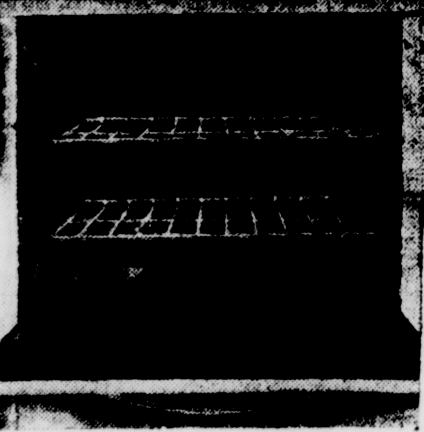

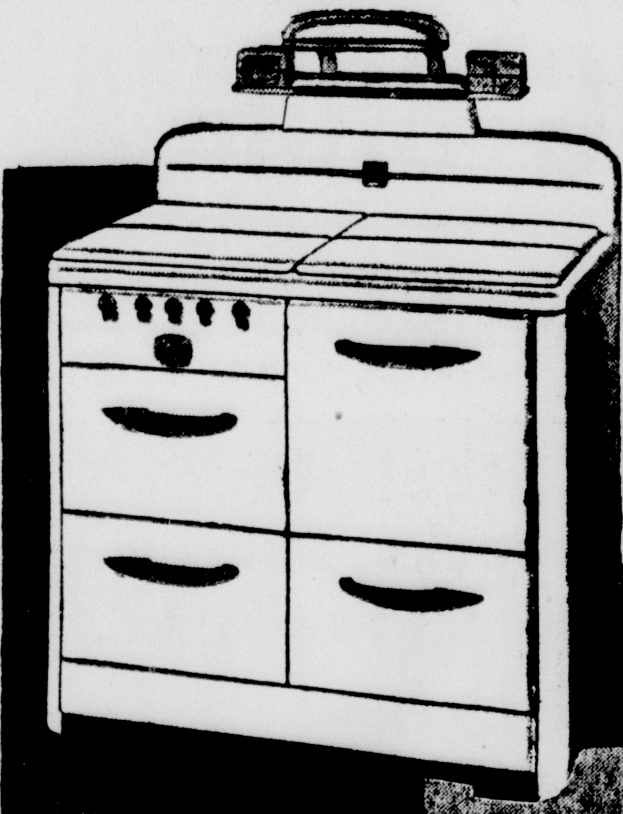

Washington, May 4.—(P)—Petroleum Coordinator Ickes told a congressional committee today that, if necessary to preserve the nation's petroleum stocks, "non-essential motoring, boating and flying must be cut right through the bone into the very marrow."

Testifying before a special house committee investigating the petroleum situation, Ickes said the supply situation in the east had been under continuous study and, "on the basis of these studies we expect to be able to make recommendations tomorrow as to the degree of gasoline curtailment which we believe is necessary for the east coast at the present time."

Chairman Lea (D-Calif.) asked Ickes about the statement by a price administration spokesman that a gasoline ration of as low as 2 1/2 gallon might be required. Ickes said that was an inaccurate guess and added:

"Whoever was responsible for that preferred to remain anonymous and I don't blame him."

The Pennsylvania Electric Company, which serves Warren, has disclosed it may bill its 52,000 customers in northwestern Pennsylvania quarterly, instead of monthly. Office Manager R. C. Officers Of Local Group Are Elected

At the final meeting for this season, held at the Philomel Club on Saturday evening, the Social Science Section of the Warren Academy of Sciences heard a splendid talk by the retiring president, Dr. Earl Biddle, and elected R. Pierson Eaton president for the coming years.

Others named to office at this time were James E. Springer, re-elected secretary-treasurer, and Dr. James A. Davidson, chosen as third member of the executive committee.

Dr. Biddle chose for his topic "Civilian Morale," pointing out that "to combat the influence of enemy propaganda we must constantly counter-propaganda and keep civilians informed as much as possible so there are no grounds for suspicion or mistrust."

Saying that newspapers and radio have a vital part to play in disseminating favorable propaganda as well as disparaging the enemy, he pointed out that news should be withheld only to prevent military secrets getting into the hands of the enemy and not because it is bad or discouraging. "The newspaper can help in uniting the people in a grand purpose against the enemy," he stated.

"The ordinary civilian can do his part in combating enemy propaganda by encouraging patience until official releases can be made, by demanding sources of information and insisting upon proof, and by preventing the spread of rumors through the same technique."

Another phase of the war effort, choice of experience and emotionally stable persons in key positions, was stressed in the light of security promotion. To answer the query of many—what can we do in this war emergency? the speaker stated that everyone should have an official or unofficial job, that it is not enough to buy war bonds and stamps. Defense councils, Scouts, Red Cross classes and other aspects of the war problem were outlined to show that each person can do his part.

To conclude, he said: "In war time there are more opportunities for developing vocations in special work and in teaching hobbies to others, since a man's morale is elevated by relaxation in a hobby which is in contrast to his daily work. Parades, band concerts and community sings offer more than mere recreation. They do something to us, elevate our morale. Let us have more of them."

CHEST GOES OVER

Warren has won a double victory!

Residents who worked and contributed to this
year's successful Community Chest campaign have de-
feated the local forces of hunger, want and sickness.
And they have reasserted the normal, healthy morale of
the town in spite of the gloomy world situation.

The Chest is over the top! Not since 1939 has
Warren enjoyed a "victory dinner" such as that which
took place at the Y. W. C. A. Friday evening. Not for
three years has the Chest been filled on the last day of
the campaign. And those failures have had their effect
upon all other efforts to collect funds for community
activities.

Warren, figuratively speaking, now can look its un-
fortunates squarely in the eyes. It can hold its head
high. It has regained its self-confidence and its vitality
after a lapse of three years. Warren has demonstrated
its capabilities; there are no limits to the lengths this
community may go in the future.

Right now is a real tonic for Warren to have a
successful Community Chest campaign. Why was the
campaign so successful. The answer is not at once
discernable. The soliciting organization was well chosen
and its members served faithfully. They contacted a
larger number of prospects than in former years. More
people contributed, perhaps.

There is no doubt the rank and file of Warren
people realized that this year's campaign was a crucial
one. They seemed to have assumed a more personal
responsibility for its success. They sincerely worked
to avoid the humiliation of an unsuccessful drive.

Whatever the reason, Warren is proud and happy
today, as it has not been in three years. And the town
is grateful to those whose generosity of time and effort
and money made the campaign successful. It appreci-
ates the devoted interest of the Community Chest board,
whose members made a thorough study of the situation
and adopted the procedure that resulted in success.

Bob Dobbin, of the American City Bureau, done a
remarkable job in guiding the campaign, but it was the
local organization which produced the results in this
year's efforts. While many other names should be
mentioned, for fine services given, that of Harry Kopf,
general chairman, warrants special recognition. Mr.
Kopf devoted his energy, his enthusiasm and his leader-
ship wholeheartedly to the project. Through him the
services of the energetic and able leaders were secured.

Every contributor, every worker, Boy Scouts and
all others may well join in the elation that naturally
follows when all know that an important civic job has
been efficiently and satisfactorily done.

WOMEN ARE GOOD

Before the end of next year, say the experts, we
shall see four million women working in war produc-
tion. That is six times the present number.

A lot of employers are going to have to waive their
prejudices against women in factories. Pioneers have
been pleasantly surprised. In many operations, they
have found women superior to men, where skill and at-
tention are more important than what New Eng-
landers call "main strength and stupidity."

But many states must loosen up on regulations a
bit, for the duration of the war, if women are to replace
men called to the armed services or needed in heavier
work.

That was quite an electrical storm Sunday morning,
but we may be thankful that it was not of the type
that has been sweeping Texas, Kansas and Oklahoma
lately.

Bicycle owners should remember, if they have not
already done so, that all bikes in the town should be
registered at the police department.

One of the tasks on your "must" list is to make your
application for sugar ration and it should be taken care
of between now and Wednesday.

With no campaign to keep them busy, lot of Warren
folks are going to feel a little lost for a few days.

Money doesn't seem to go quite so far these days—
but it stays away longer.

City Offices Are Taken Over For a Day by Young Officials

(The following, written by John
Borne, member of the Boys' Coun-
cil of the Y. M. C. A., is the "act-
ing editors" account of the taking
over of various city offices on Sat-
urday as the opening feature of
National Youth Week.)

On Saturday, the city offices,
management of Metzger-Wright's
and editorship of the Warren
Times-Mirror were taken over
from 11 a. m. to 12 noon by mem-
bers of the Boys' Council of the
Y. M. C. A. and the Girl Reserves,
with the kind cooperation of the
management and employees of
those institutions.

This was the opening gun of
National Youth Week, celebrated
all over the United States by such
appointments.

During the hour I interviewed
the acting officials over the phone.
Mayor Jim Krespan merely said,
"It's a lot of fun."

Police Chief Jim Boddorf and
Borough Secretary Eddie Bell ar-
rested three boys at the Y. M. C. A.
and put them in cells in the
city building.

Fire Chief Bill Erickson rode
around in a fire truck. Unfortu-
nately for him there were no big
fires.

Ray Streich, council president,
read the minutes of the last coun-
cil meeting, while City Solicitor
Dick Betts discussed affairs with
Mr. Sidney Blackman.

Don Norris was the honorary
manager of Metzger-Wright's. The
honorary buyers at that store were
Jim Koball, Alan Babcock, Glen
Farr, Myron King, Dick Pang-
borne, Betty Lauffenberger, Mari-
on Endress, Joyce Callahan and
Caroline Johnson. All agreed:
"It's a lot of fun, but there's not
much to do."

During the day W. E. Rice,
councilman from the first ward,

and A. F. Kottcamp, who assumes
his duties soon as acting sec-
retary of the Chamber of Commerce,
dropped in at the Times-Mirror
office.

I was shown through the plant
and introduced to the employees.
I thought it was a lot of fun,
and I learned a lot. And speak-
ing for all of us, I can say we
were all well pleased and appreci-
ate the courtesy and good humor

Warren Physician Visits Interesting Section of Ireland

A brief letter received by War-
ren friends of Lt. William Cah-
man, D. D., who is in Ireland, re-
veals that he recently had an ex-
perience of interest to many in
this section, particularly those who
have made a study of the earlier
history of the borough and county.

He writes that on a visit to
Emmiskillen, where General Wil-
liam Irvine was born 200 years
ago, he discovered a Castle Irvine
still standing and about four fam-
ilies of Irvines residing in that
neighborhood.

Interested because of the im-
portance of the name Irvine in
Warren county's history, he visit-
ed with the local historian who,
incidentally, is editor of the En-
miskillen newspaper. Study of
the Irvine family history showed
that the man who was to become
so famous left for America because
of religious reasons—a local fight
between the Presbyterians and the
established church of England and
one that still continues there in
North Ireland.

BY AUSTIN BEALMEAR

Associated Press Sports Writer
Brooklyn's Champion Dodgers still rule the roost in the National League, but the St. Louis Cardinals and Pittsburgh Pirates have them hanging on the ropes in what is rapidly shaping up as the hot test three-way argument since Junior learned to drive the family automobile.

Still reeling from the effects of a one-two punch they absorbed at Pittsburgh, Durocher's Dandies staggered into St. Louis yesterday and were flattened twice by a Cardinal team that finally discovered what bats were for.

The double defeat reduced Brooklyn's margin to a single game over the second-place Pittsburgh Pirates, who missed their chance to share the lead by dividing a doubleheader with the Boston Braves.

The Dodgers and Cards went at it hammer and tongs, but Cardinal Catcher Ken O'Dea decided the issue in the opening game with a grand-slam homer that routed Whitlow Wyatt in the first inning and a three-run double that broke a 10-10 tie in the seventh.

Kirby Higbe issued a trio of untimely walks in losing the second game. With the bases filled on passes in the fourth inning, Jimmy Brown tripled to bring in all the runs St. Louis needed, and came home himself on an infield fly.

Pressure finally caught up with the Cleveland Indians, two lengths to the good in the American League, and the Boston Red Sox cashed in on a trio of errors for an 8-4 triumph that ended the Tribe's winning streak at 13 games.

Rudy York's sixth and seventh home runs of the season carried the Detroit Tigers to an 8-7 victory over the Athletics, but Phil Marchildon pitched a sparkling two-hitter in the nightcap to give the A's an even break, 1-0.

The New York Yankees swept a bargain bill from the Chicago White Sox, 6-4 and 3-1. A two-run homer by Charlie Keller paced the Yankee attack in the opening game and Atley Donald kept the Sox under control in the second by scattering seven hits.

The St. Louis Browns and Washington Senators divided their double bill, Washington taking the opener 9-5 on Stan Spence's two-run triple in the ninth and St. Louis coming back for a 5-1 decision in the second.

Pittsburgh ran its winning streak to three by downing Boston 6-2 in the first game behind the seven-hit pitching of Max Butcher, but the Braves came back with a 14-hit attack to square accounts, 12-3. Eddie Miller hit a home run with the bases loaded for Boston in the nightcap, while Babe Phelps drove in all of the Pirates runs with a pair of four-masters.

SPORT SPATTERINGS

Well, they ran the Derby—and we ran out the back door... What with only one of our first five choices ending close enough to smell the scent of those roses awarded the winners, is it any wonder we've a hangover today? ... Alsab, that bargain colt that was rescued before he became a milk horse, found enough energy to end second, if only by a photo finish, and Jockey Wayne Wright pitched a Shut Out in the Derby, that being the name of his mount which found the finish line ahead of a field of 15 starters. ... Requested was the biggest disappointment among the ones expected to show well. ... He ended fourteenth. ... Well, we didn't win a postage stamp in Frank Menke's guessing contest, but then there were some 500 others who were in our company. ... So much for the Kentucky Derby. ... Your agent is expecting five or six softball managers to be on hand tomorrow night for the meeting at seven o'clock in the editorial rooms at which time we'll attempt to form a City League. ... There's a story with the particulars elsewhere on the sport page, and what with the tire and gas rationing, this should be an ideal summer for local sports, including softball.

Having witnessed the Olean-Jamestown massacre at Jamestown yesterday, we have the following little notes to print concerning the PONY League champs and the boys who trampled all over them yesterday. ... Olean certainly must be considered in this pennant race. ... They've one of the fastest working and most accurate infielders ever realized in Class D ball. ... Good pitching and good hitting showed well for Pitter merrymakers yesterday, too, such as the second inning when the Oliers collected no less than eight runs on seven hits. ... Our opinion is that Stan Rogala, the converted fireman of the Falcons, has nothing more to a prayer, and then a weak one, to offer as a starting pitcher. ... In fact, the entire Jamestown pitching staff is weak, and we saw most of it yesterday. ... Lyle Parkhurst outpawed his way through most of the ball game for Jamestown and made the biggest impression, but Reinertsen outlasted every Falcon tosser as he won the game for Olean with a nifty exhibition. ... Just for the sake of naming someone to win the PONY League bunting, we'll take Olean on a hunch, to relieve Jamestown of that banner. ... The Falcons, based on their performances to date, don't rate the flag this year, that's sure.

Experts Brush Each Other Off and Start Preakness Guessing

By ORLO ROBERTSON

New York, May 4.—(P)—Because several unexpected things happened in the Kentucky Derby, the 52nd running of the Preakness at Pimlico Saturday shapes up as a pretty fair race.

First of the unexpected in the Churchill Downs mile and a quarter classic was the victory of the Shut Out. The last son of the great Equipoise from Mrs. Payne Whitney's Greentree Stable was just going out for the exercise, leading the task of winning the \$64,225 purse to his more famous stablemate, Devil Diver.

At least, that was the way most of the experts and laymen figured it. Hadn't Eddie Arcaro, the country's No. 1 rider, had his choice of the two horses and selected Devil Diver?

The second of the unexpected was Alsab. Remember him—the winner of ten straight races as a two-year-old, winter book Derby favorite and then a complete flop?

He had not shown enough to indicate he even would be in the money. But Al Sabath's bargain colt was pounds the best as the race was run.

He picked up horse after horse, caught Pinkie Grimes' With Regards, the early pace setter, at the sixteenth pole, collared Emerson Woodward's Valinda Orphan in the last strides but had to be content with second money.

The bid left him two and a half lengths back of Shut Out, who stayed close to the early pace and then pulled into command in the stretch.

Then there was Requested, Ben Whitaker's Texas-owned chestnut, who was the biggest disappointment of the Derby.

Requested outran only one horse in the field of 15 but Blackie McCoolie, his trainer, said he had a rough trip and refused to extend himself.

The Greentree pair, Alsab and Requested, along with Mrs. Barclay Douglas' Fair Cash, William Woodward's Apple, Valinda Orphan, and Hollywood and possibly William Du Pont, Jr.'s Fairy Manah are headed for Pimlico.

SIDE GLANCES By Galbraith

"My mother is just recovering from an operation—I suppose it would go pretty hard with her if I didn't pass the sixth grade!"

News From The Southland

By Sergeant Elmer E. Springer
Camp Livingston, La., May 4.—Well, it is time for another tete-a-tete with our folks back home so here is the latest for the boys in Livingston.

First of all there have been more promotions since our last column and it gives us great pleasure to announce them. There were four new staff sergeants made in this company and they are: Sgt. Elzie E. Lynch, George A. Lynch, Richard N. Bedow, Joseph W. Hedstrom. After these came four new sergeants, Corporals Edward R. Fitzgerald, Merle N. Jackson, Bernard H. Roth, and Robert A. Honhart. Also there were three new corporals, Pvt. Wilbur S. Shannon, Harold J. Kays and Donald E. Young.

It seems that there was another promotion, oh yes, we have a new first sergeant. It is none other than Irvin I. Kays, who is quite well known throughout Warren. We hope that our honorable first sergeant will be a nice guy and give us a break. (The writer here-by announces that he is hoping the first sergeant will not take too much of this ribbing to heart.) It has been noticed that ever since the old boy has received those big stripes he goes to bed at night with the shirt hanging so he can wake up first thing in the morning and look at those stripes so he will not think he was just dreaming when he got them. Oh well, he is a swell fellow and we are sure that he will be a good first sergeant.

Well, the heat down here is progressing very rapidly. We have never seen a warmer spring. It is warm enough down here right now to be July back home. The men lose quite a little water in the form of perspiration but nevertheless they come through it with flying colors. It is a wonder the condition all of them are in now. Nothing is too tough for them and they all seem to be able to take it once again as good as they could a year ago. Oh well, this all comes along with soldiering and it gets to be a habit of soldiers to take anything that comes their way.

It has been noted by yours truly that the letter writing has fallen off a bit. Now what do you say folks? We are an awfully long way from home and it sure seems good to get letters so get into it and write to your friends or relatives that you have here in the service. They really are doing a swell job of things. This not only goes for the boys here with us but also for anyone you may have anywhere in the service. A letter will always bring a smile.

The mosquitoes have not started their little games as yet, but it is expected at any time. That will be the one day that we really hate to see coming. If there is one thing that will lower a fellow's idea of heaven it is a squadron of heavy bomber mosquitoes accompanied by their fighter squadron. It seems that we had quite a little experience with these fellows when we were in Virginia. It is expected that everyone will come out of the first assaults without any casualties and so we look forward to a grim and determined battle with the little winged devils of the swampland.

It has become quite a job to think of anything more to write in this column so it looks like things are going to close for this evening and we will try and dig up a little more dirt for you as soon as possible. Until next time this is your correspondent for the gang saying so long for now for myself and all of the gang.

In the five weeks after Pearl Harbor, the War Department alone contracted for \$3,500,000,000 worth of military supplies from automobile plants, a total that equaled the volume of all defense contracts given the industry in the first two years after the Nazi invasion of Poland.

Democrats in Philadelphia Face Battle

(From Page One)

"Last week at Harrisburg," said Davis in a statement, "I was told that \$800 a year charwomen in some of the state buildings had been called in to contribute."

In Philadelphia U. S. Senator Joseph F. Guffey said that Clark's support insured a victory for Judge Smith by a majority of 40,000 votes.

"I have just finished a tour of the anthracite region and central Pennsylvania counties, and Judge Smith is getting stronger all the time," he said.

State Chairman Meredith Meyers, who has supported Harr, made a similar statement on his candidate's prospects, reporting "ever-increasing sentiment in Harr's favor."

A meeting of the Philadelphia Democratic committee was expected Tuesday or Wednesday, to consider to talk over prospects in the light of Clark's action.

person was permitted to sign up for the entire household.

Those away from home were asked to register at the most convenient school, then get a transfer to their home districts. The same applies to students away at schools and colleges, said Rationing Administrator T. Elmer Transeau.

Washington, May 4.—(P)—Americans who set out today to obtain their first war ration books—for sugar—still are living the life of Riley compared with what the Germans and English faced at the outbreak of the war in 1939.

All of the necessities and most of the luxuries of life are obtainable here now, but that doesn't mean it will always be that way. Price Administrator Leon Henderson believes that by the end of 1942 per capita output of consumer goods and services will have dropped to the 1935 level and by the close of 1943 to the depression low of 1932.

Office of Price Administration figures show that per capita output of consumer goods and services, based on 1941 prices, was \$563 in 1941; is estimated to run an average of \$500 for 1942 and to drop to an annual rate of \$436 by December, 1942. It was \$434 in 1935 and \$370 in 1932.

Although Americans have felt the pinch so far only on new automobiles and tires and are about to be put on sugar and, in some areas, on gasoline rations, Henderson looks for a gradual widening of the goods-appropriating program. He says the country is bound to run into "important shortages" later and "naturally we will be prepared for rationing."

OPA officials pointed out that today, after almost five months of war, the American people still have available virtually all the food, clothing and non-essentials that money can buy.

Washington, May 4.—(P)—A resolution by Senator La Follette (Prog.-Wis.) designating June 13 as Douglas MacArthur Day, was unanimously approved today by the senate judiciary committee. June 13 is the anniversary of MacArthur's appointment to West Point.

Kearny, N. J., May 4.—(P)—A quartet of destroyers, four more American contributions of seapower to the United Nations' drive to defeat the Axis, glided down the ways into the Hackensack river yesterday in 50 minutes.

Recapitulating the situation in Burma, a Chinese army spokesman declared that the Japanese had lost between 13,000 and 14,000 killed and wounded since the campaign there began Feb. 5. He put the Chinese losses at 3,000 to 4,000.

Minimizing the loss of Mandalay, he asserted the Chinese had withdrawn "voluntarily" because of strategic considerations and promised they would regain the city.

Nevertheless, the men climbed the pole, repaired the halyards and restored the flag to the top of the staff.

The soldiers were Captain Arthur E. Huff, of St. Louis, Mo.; Corporal Louis A. Roark, Gypsum, Kas.; Private First Class Roy O. Bailey, Kansas City, Mo.; and Private Harley H. Leard, Durant, Okla.

Lieut. General Jonathan M. Wainwright warmly commended the four and awarded each the silver star for gallantry in action.

Granting of Commissions Is Opposed

partment officials had expressed the opinion that adoption of the Faddis amendment would hamper rapid expansion of the army by making it impossible to release trained officers for field duty and replace them in administrative posts with qualified civilians.

Faddis charged that favoritism had been shown in some instances and that high ranking commissions had been given to men who lacked the necessary qualifications and experience.

This senator said, however, that he was convinced that such instances were exceptional, adding there was no doubt that the army needed all of the officers it could get as quickly as it could get them.

Outstanding Young Pianist Coming As College Club Guest

Nellie Burt Wright, who is to be presented in a piano recital at the Philomel Club Friday evening in conjunction with the annual meeting of the College Club, has advanced rapidly since the age of five when she was acclaimed a child prodigy.

For two terms she attended Cincinnati Conservatory as a pupil of Madame Karin Dayas, twice appearing as guest pianist with the Cincinnati Symphony. Awarded a scholarship to Juilliard School in New York because of her outstanding accomplishments at the piano, she was selected by the famous English pianist, Arthur Newstead, as his special charge. Upon graduation there in 1941, Miss Wright was given the Stolp Scholarship.

She now has the distinction of having been accepted as a virtuoso pupil by the celebrated Madame Samaroif Stokowski.

Music lovers who hear her on Friday evening will be well repaid in the opinion of those already so fortunate. Her program plans will be announced later.

Catholic Daughters Function Successful

National Communion Day, as observed Sunday by Court Warren of the Catholic Daughters of America, proved one of the outstanding events on the year's calendar. About 125 members and guests received communion at the nine o'clock mass offered for their intention at the Holy Redeemer church by Father Raymond Whalen, Redemptorist missionary.

A special program of hymns during mass included "On This Day, O Beautiful Mother", by Josephine Lucia; Gounod's "Ave Maria"; Mrs. Bruno Schipano; "Mother, at Thy Feet I'm Kneeling"; Mrs. George Cunningham, with Marie Clark Dillon as accompanist.

There were 100 reservations for breakfast following immediately in the church clubrooms under the direction of Mrs. Paul McGarry, with serving by an efficient group of men headed by George Monroe. Father M. E. Dailey, chaplain of the court, gave the invocation and extended a cordial welcome in the name of Holy Redeemer parish.

Mrs. N. J. Mangus, grand regent, introduced the guest speaker, Father Whalen, whose theme was "Unity" and its importance at this particular time. He also told of Catholic Daughters' work in Porto Rico, where he was a court chaplain while serving as a missionary.

Congratulations were extended Henrietta Wehner and her committee for successful handling of details for the event.
